Complete items below and address to mailer

Dear Customer:

An empty wrapper with your address was found in the mail and it is believed to have been separated from a parcel during handling (see attached address portion of the wrapper.)

If the contents of the parcel have not been accounted for and you wish that a search be made for the article(s), please complete the bottom and reverse portion of this form and return it to the Mail Recovery Center in the enclosed preaddressed envelope. Please do not send the address wrapper to the MRC; retain it for your records.

An accurate and detailed description of each item is essential. Please give the names or initials (if personalized) and other characteristics such as brand or make of the article, model number, color, size, quantity and kind of material. If you are able to furnish illustrations or pictures that would be most helpful.

If after a thorough search your merchandise is not located, take this form and wrapper to your local post office for a postage refund (Form 3533). Also, if the parcel was insured or C.O.D. present this form to your local post office once a search has been completed and request that a claim for indemnity be filed.

Experience has shown that proper packaging, including your name and address with the contents inside the parcel in most instances will avoid this inconvenience. To assure our customers the service they deserve it is suggested that these measures be taken in future mailings.

We regret any inconvenience this matter may have caused you.
